

Inspiring the Spirit of Giving

Direct Aid International constructed over 20 000 water wells/ boreholes to provide clean water.

We replace unhealthy, unclean water in pits with waterwells/ boreholes providing pure clean water for the needy in Africa.

In developing countries, the lack of access to safe drinking water often results in serious illnesses and death.

Your gift will help provide lifesaving water to areas in dire need.

Access to clean, safe drinking water unlocks potential. You can help restore hope that ripples out for years to come.

Waterwell R12 000

Borehole R40 000

Borehole in SA from R80 000

Price subject to increase based on logistics/specific area.
